Education

Bachelor of Technology
Bannari Amman Institute of Technology, Sathyamangalam

2023 - 2027

Skill

Communication

Problem-solving

Teamwork

Time Management

Critical Thinking

Creativity

Leadership

Language

English

Tamil

👤 About Me

I'm an undergraduate student passionate about Artificial Intelligenceand Data Science at Bannari Amman Institute of Technology. Mygoal is to leverage technology to address real-world problems.Throughout my studies, I've built a robust foundation in programmingand web development, sparking my interest in the transformativepower of emerging technologies.

⚙ Technical Skills

- **programming Languages:** JavaScript, C, Python, Java, HTML, CSS
- **Frontend Technologies:** React, HTML5, CSS3
- **Backend Technologies:** Node.js, Express, PostgreSQL
- **UI/UX Tools**: Figma
- **Version Control**: Git, GitHub
- **Others:** RESTful APIs, JWT Authentication

📌 Projects

- **Hall Booking System** (React, Node.js, PostgreSQL)

  Developed a full-stack application to manage hall bookings efficiently.
  Features include real-time availability, booking history, and admin management.

- **To-Do List App** (React, Node.js, PostgreSQL)

  Created a task management app with user authentication.
  Supports adding, deleting, and updating tasks with dark/light mode.

- **ElevateEd E-Learning Platform** (Frontend: React)

  Built the frontend for an e-learning platform.
  Features course modules, progress tracking, and UI/UX improvements.

Internship

Web Development Intern

CodSoft – Remote

October 10, 2024 – November 10, 2024

- Completed a 4-week internship focusing on HTML, CSS, and JavaScript.
- Developed projects including a basic calculator, Foodman landing page, and personal portfolio website.
- Gained experience in responsive design and interactive user interfaces.

Certifications

- How to Gain Career Advantage with Generative AI ToolsCodSoft [NxtWave]
  Completion Date: October 2024
- Problem Solving and Python Skill Certification [HackerRank]
  Completion Date: October 2024
- SAWIT.AI Learnathon [GUVI Geek Networks]
  Completion Date: October 2024
- Fingerprint Voting System [Ideathon'24]
  Completion Date: April 2024
- Line Following Robot and Code2Duo [Yugam 2024]
  Completion Date: March 2024
- Renewable Energy and Grid Integration [Paper presentation]
  Completion Date: March 2024
- Microsoft AI Skills Challenge [MicrosoftLearn]
  Completion Date: January 2024
- Idea to Innovation[Newtonera@2k23]
  Completion Date: October 2023
- Build a Full Website using Wordpress [Coursera]
  Completion Date: October 2023
- Google Analytics for Beginners [Google]
  Completion Date: October 2023
